

Dear Colleagues,

We are happy to announce the

26th Nordic and 1st European-Nordic Congress of Mathematicians,  
June 10-13, 2013

at the Centre for Mathematical Sciences, Lund University, Lund, Sweden.

The Congress is dedicated to the memory of Lars Hörmander (1931 - 2012),  
who was a professor in Lund for many years.

The conference webpage is available on

<http://www.matematik.lu.se/nordic26/>

Please forward this announcement to anybody who might be interested.

## THE CONGRESS

This Congress will be the first European-Nordic Congress of Mathematicians. It is organised jointly with the European Mathematical Society (EMS), <http://www.euro-math-soc.eu/>,

and we are happy to announce that Tamar Ziegler, the EMS Lecturer 2013, will give a series of lectures at the Congress.

Invited plenary speakers:

- Anton Alekseev, University of Geneva
- Artur Avila, IMPA, Rio and Institute de Mathématiques Jussieu, Paris
- Viviane Baladi, University of Copenhagen
- Adrian Constantin, King's College London and Universität Wien
- Carel Faber, KTH Stockholm
- Jesper Grodal, University of Copenhagen
- Håkan Hedenmalm, KTH Stockholm
- Svante Janson, Uppsala University
- Pekka Koskela, University of Jyväskylä
- Vladimir Maz'ya, Linköping University and University of Liverpool
- Kristian Seip, NTNU Trondheim
- Agata Smoktunowicz, University of Edinburgh
- Xavier Tolsa, ICREA - Universitat Autònoma de Barcelona

The Scientific Committee consists of Ari Laptev (Mittag-Leffler/Imperial College), Tobias Ekholm (Uppsala), Jan Philip Solovej (Copenhagen), Helge Holden (Trondheim), Eero Saksman (Helsinki), Hermann Thorisson (Reykjavik), Iain Gordon (Edinburgh), Ursula Hamenstädt (Bonn), and Klaus Schmidt (Vienna).

Registration is open on <http://www.maths.lth.se/nordic2/registration/>

Please direct any questions to: [Nordic26@maths.lth.se](mailto:Nordic26@maths.lth.se)

## SPECIAL SESSIONS

The following special sessions have been confirmed at this stage:

Homological Methods in Algebra - Petter Bergh, Marius Thuale (Trondheim)

Operators, Functions and Systems - Amol Sasane (Lund)

Dynamical Systems - Maria Saprykina (KTH), Anders Karlsson (Geneve)

Operator Theory and Complex Analysis - Olivia Constantin (Canterbury)

Harmonic Analysis and Operators - Tuomas Hytönen (Helsinki) and Andreas Rosen (Linköping)

Probability - Herman Thorisson (Iceland)

Classification of Operator Algebras - Sören Eilers (Copenhagen)

Math Education and e-learning - Jan-Fredrik Olsen, Anna Maria Persson and Kristina Juter (Lund)

Nonlinear PDE - Mark Groves (Saarbruecken) and Mats Ehrnström (Trondheim)

Pseudodifferential Operators in memory of Lars Hörmander - Nicholas Lerner (Paris IV), Magnus Fontes (Lund)

Approximation and related problems - Anton Baranov (St. Petersburg), Konstantin Fedorovskiy (Moscow)

## CONTRIBUTED TALKS AND ABSTRACT SUBMISSION

Sessions will consist of invited and contributed talks, and abstracts can be submitted until May 1 on

<http://www.maths.lth.se/nordic26/abstract-submission/>

Please note that there are limited slots available for contributed talks, and acceptance will be at the session organisers' discretion.

The session "Pseudodifferential operators" will not accept contributed talks.

## TRAVEL

Travel information can be found on the conference webpage

<http://www.maths.lth.se/nordic26/travel-information/>

## ACCOMMODATION

You can either book a hotel as part of the registration process, or contact a hotel directly yourself. We have special deals with a number of hotels you can contact yourself for booking before March 31 or April 15.

For more information, see

<http://www.maths.lth.se/nordic26/accommodation/>

Please note that hotels tend to be very busy in Lund during the summer, so please make your accommodation arrangements soon.

It is also convenient to stay in Malmö, which has a somewhat greater choice of hotels and is just a 15 min train ride away from Lund.

Looking forward to welcoming you in Lund,
